TRAVEL TIP ++++++

From Georgette:

If you insist on using an around-the-neck security pouch, be aware that thieves often look for that telltale string so they can cut it and run. You can put a guitar string through it to make it knife-proof.

From Gord Brown:

If traveling in twos, split your stuff between packs. Protection against the lost of all clothes on a trip. Also to aid in the recovery have your name and company address inside the bag. ~~Happy~~ ~~Travels~~.

Remember, free shipping on your next order if your travel tip is accepted. More tips at:
