

# Top prep bets of week

Here is a look at this week's top prep basketball games:

## GAME OF THE WEEK

**Millard (10-5, 6-1) at Delta (9-3, 6-1), Thursday** — No. 2 among the 2As, Delta and sharpshooters Roger Ashby (14.1 average) and 6-foot-6 Craig Jones (13.7) host No. 3-ranked Millard, which'll bet Brent Hosman, 6-4 senior averaging 20 points and a fistfull of rebounds, against anybody's rabbits. Add 6-6 Terry Petersen, 6-6 and 13.4, and you've got the makings of a real battle.

## BEST OF THE REST

**East (11-5, 5-3) at Skyline (10-7, 5-3), Wednesday** — It's make or break for the No. 9-ranked Eagles and the No. 10 Leopards. Each is strong up the middle with Steve Clark (Skyline, 14.9 average) and Greg Grant (East, 10.6), each has a high-scoring guard (Eric Slaymaker, Skyline, 18.6; Doug Milne, East, 15.8) and each has a talented junior forward (Skyline's Brandon Bennett, 11.1; East's Brad Boyle). Add Skyline's Paul Rasmussen and East's Chris Furgis for occasional brilliance, and look out.

**Brighton (12-7, 6-3) at Orem (12-7, 7-1), Friday** — Orem is just burning with desire to prove itself now that Shawn Anderson's back, and the Bengals — surprised twice in defeats by Bingham and Granger — has lots to prove about that No. 8 ranking. Orem's No. 7 and Region Two co-leader with Bingham, which should have an easy time with Jordan.

**Grantsville (14-3, 5-1) at Morgan (8-7, 3-2), Thursday** — It doesn't look like anybody's going to catch the Cowboys, but Morgan sure has the talent to take a win here. Grantsville's ranked third, Morgan's been ranked much of the season. Dean O'Driscoll against Ricky Harrison. Will that loss at Lehi help or hinder Grantsville's Region Nine title bid?

**South Rich (8-5, 5-1) at South Summit (11-5, 5-0), Friday** — That one Region Eleven loss was to South Summit, the fourth-ranked 1A school. No real high scorers here, just teamwork. South Summit has

Gladye Stembridge, Mark Atkinson, Ray Peterson and Bart Johnson all averaging double digits; the Trojans' Barry McLean, Jim Dean and Keith Argyle usually see double, too.
