WALKABOUT NEWS+++++

WE NOW MATCH PRICES

Since we support the independent traveler who is often operating on limited currency, we have decided to implement a policy of matching prices on the products we sell. (We always have on backpacks, actually, as they are the most expensive yet essential gear.) If you see a product we stock somewhere else for less, let us know where and we'll match the price. (If you're ordering online, enter the information in the comments box.)

#### MODEM SAVER INTERNATIONAL

For those travelling with a laptop, there are three major concerns  
when hooking up to a phone line: 1. Digital phone lines, which  
can fry your modem, 2. Phone line power surges, and 3. Tax  
Impulses, which occur in several European countries and can  
interfere with modem transmission. The Modem Saver  
International solves all three concerns, ~~and at a reasonable price.~~

#### TRAVEL TIP ++++++

Submit your travel tip. If it is accepted, you'll receive free shipping on your next order

*This* The volume's travel tip comes from Kim:

If you have access to a scanner before you leave, have somebody scan and save copies of your important documents. You can have them sent to your e-mail account before you even leave. That way, it will be easy to get another copy, even if everything you owned has been stolen. No matter what, though, always leave a copy of important documents with somebody at home. Good or bad, there are very few places left on this earth without access to a fax machine.

#### TRAVEL NEWS, ADVICE, ETC++++++

The global economic crisis has created travel opportunities, especially in the Far East. As currencies plunge, travel becomes more affordable. Visiting the affected countries and spending some money helps stabilize the local economies so do your part and hit the road.

+

Increasingly, travelers are reporting the old US \$100.00 bills are not being accepted internationally. Take, or accept only the new bills. While we have not heard anything about

problems with the new US \$50 bills, we assume they also  
will be refused soon.

Please email us if you have travel information of use.
