## New book takes away the pain of packing

**T**ravel can be an exciting adventure or a series of frustrating hassles that make travelers wonder why they bothered to go. A new book, *Travel Light: How to Go Anywhere in the World With Only One Suitcase* by Joy Nyquist, takes the pain out of packing and planning for a trip. "Travelers will have everything they need for safe, comfortable and stylish travel all packed into one suitcase, a carry-on bag, and a purse or waist bag," says Nyquist. There also is information about travel documents needed, health issues, customs requirements, and home and personal safety tips, all enabling the traveler to travel light in heart, too. In addition, there are facts about travel agents and how to avoid the "post-vacation blues." Checklists follow each chapter. Travelers simply check off items or tasks as they complete them. *Travel Light*, which sells for \$17.95 plus postage and handling, is available from Newjoy Press at 800-876-1373.
