4G2 Adapter

The 4G2 is a specialized double adapter that allows two products to be plugged into one European grounded Schuko outlet at once. The 4G2 allows two North American, Swiss, Italian, and several other styles to plug into the Europe grounded outlet.

AirAuto

Power for the Road -- Airline and Auto Adapter.

Inflight Power can be plugged into aircraft in-seat power sockets powering your laptop at 35,000ft. Unlike other inflight power adapters the Inflight Power is universal and will work with any laptop as well as other electrical items such as CD players or digital cameras. Inflight Power can also be plugged directly into a car cigarette lighter outlet, and uses the running vehicle's battery to power up your connected notebook computer. It has built in overload/surge protection and weighs less than 1 pound. The Inflight Power is the first DC/AC power inverter to earn approval by the RTCA (Radio Technical Commission for Aeronautics) Manufacturer by APC.

Freshette

For females of all ages. Protects against those unsanitary restrooms found in many developing counties. Environmentally sound, palm sized, feather light and reusable anatomically designed funnel with 6" retractable extension tube. When placed against your body, allows you to relieve your bladder while standing. Complete with easy to follow

directions and convenient travel pouch. Nothing to wear, empty or replace. 3 ounces.

Roland's Back

Roland's back: the author of Been Where, Done What? We've reposted his "Year of the Tiger" Walkabout, even though it is not currently the year of the tiger. To explore the tigers' domain with Roland:
