## Walkabout Travel Gear LLC Newsletter -- Volume 41

This is an opt-in newsletter; we do not send out unsolicited emails. In fact, we don't even send out this newsletter very often. If you would like to be removed, simply reply to this email.

### Ho Ho Ho, a free gift.

A holiday present from us; perhaps the top travel gear item we sell, the Pack-Mate. You need to add the Pack-Mate by clicking the link below to receive it free.

For your Free Pack-Mate [click here](#).

---

### Ho Ho Ho, and Santa's Bones

The holidays are a time of tradition, so we've put our Walkabout to the Santa Claus Trail back online. Where else can you see the holiday icon's mortal remains?

### Strange Travel Suggestions: Christmas Island(s)

There are actually two Christmas Islands; one about three hours south of Hawaii via airplane, and one by Indonesia on the Indian Ocean side.

#### Christmas Island (One)

Christmas Island is part of the Republic of Kiribati, previously known as the Gilbert Islands. Independence was gained from the British in 1979. There is not much on Christmas Island to remind a visitor of the Arctic tradition of the holiday; the name's origin is a result of Captain James Cook "discovering" the island on Christmas Eve, 1777.

The island is in fact a tropical paradise, and is the largest coral atoll on the planet. The island is largely unspoiled and untouched by modern tourism, although like all undiscovered places will continue to see increasing visitors because of people like us who discover them then promote them. The island is already popular with fishermen, as bonefish fishing is reported to be the

or consulate with no hassles.
