New Product -- SteriPEN

Perhaps the easiest and most foolproof way to purify your water while traveling, the SteriPEN uses UV light to kill waterborne microbes -- even viruses. Small and lightweight, the SteriPEN does not require replacement filters. Now reduced in price!

Walkabout Travel Tip

Beer in a Bottle

We agree whole-heartedly with the person that said "one of the safest liquids to

drink is beer." But don't drink it if it comes in a frosted mug! We learned not to do this in Egypt! It's basically ice cubes in disguise! We lost hours of our vacation to a very unpleasant "condition." (Submitted by B Sporhase.)

Remember, free regular shipping if you submit a travel tip that is accepted.

Airplane Links

We've been collecting and updating our list of airplane company websites, and think perhaps we have the largest and most complete collection of airlines links online. If you know of one we don't, please let us know.
