A question may be raised. To put it simply, Why. Why another small fanzine from that freak Brad Boyle. Well, the answer, Derek Boam, is this: I got more complaints than yours, but not as nasty. (His letter is printed below) The reason I got complaints, for you uninformed ones, was because I changed The CfMSP's Newsletter name to Monstrosities and took out the science fiction TV Guide because it was no longer a local 'zine. So this small 'zine is for Salt Lakers only!! You may have noticed the TV Guide was only listed for 3 days. Starting next issue, it will be 7. Also next issue we will start a letter column, TV movie reviews, science fiction TV happenings, and more. Contributors will receive free issues by mail!! (Wow!!) The issue should be larger, if you turn in a contribution.

Till Equinox (Saturday night, you fools!),
